During the quarter ending December 31st, 1892, the output of American tin and tene plate was 19,766,491

tons. The figures for the quarter ending March 31st, 1893, show such a marked increase that the Free-trade Administration is trying to stop the trend. The American Manufacturer, a thoroughly reliable journal, has received reports from all the tin plate manufacturers in the country except those in New England, which were furnished to the Government. These reports prove that the manufacturers sending them in produced during the quarter ending March 31st 25,319,154

pounds of American tin plate.

SOUND ADVISE.

St. Louis Globe-Democrat.—The further the Democratic party gets away from the Chicago platform the better chance its will be of avoiding the breakers which lies before it.

+

BOSTONIAN MUGWUMP HUNGER. *Boston Journal.*—Ex-Governor Knott declines the appointment to the Hawaiian mission. Why not give it to some member of the Massachusetts Reform Club? They are applicants for nearly everything in sight.

+

THE NUBBIN OF IT. *Kansas City Journal.*—Speaker Crisp charges up the country's troubles to bad Republican laws. Republican laws, however, are only bad when Democrats are chargeable with their enforcement. While the Republicans were in power these laws did no harm, and the country was prosperous.

+

ALWAYS LOYAL.

New York Press.—The Free trade, free silver Democracy is the costliest servant the American people ever imported into their National household. One billion dollars has been expended in training a greenhorn who still sits hopelessly inactive. The only hope that the country has of getting its work done lies in the faithfulness of that unjustly dismissed servant, the Republican party, which is coming loyally to the rescue.

+

ENGLAND'S FREE-TRADE SNOBERRY.

New York Advertiser.—There are many thousands of poor, starving wretches in London to-day to whom a loaf of bread would be a positive luxury, and who, had it not been for the intercession of the Heaven-sent Salvation Army, would perish. We are told that a flat of the wedding presents given to Prince George and his bride would fill a page in an ordinary newspaper. The gift from the Princess of Wales is valued at \$1,250,000—paid for with the money wrung from the tax-payers. What kind of people are these who, fastened upon the public Treasury, spend such vast sums for gewgaws instead of using it to ameliorate the condition of those who are made beggars and tramps by a Free-trade system which takes their work away from them that the rich may be enabled to buy their imported luxuries at a low price.

+

WHERE THE CURRENCY HAS GONE.

Philadelphia Press.—The savings banks will probably be found to have done quite as much to make currency scarce as any other agency. A year ago the savings banks in this country had \$1,758,339,015 of deposits, but they kept less than 2 per cent. of this in cash, or only \$28,208,371, and about 3 per cent., or \$51,967,253, was deposited in banks. In all about 7 per cent. of their deposits was within call. New York banks, which have about one-third of the savings deposits in the country, in 1892 had only 1 percent. of their deposits, or \$6,563,165, in cash. The remaining 93 percent. of what we doubt not, incidentally added to their cash balances in the past sixty days, and as their aggregate deposits double the National debt, and are as large as the \$1,596,151,901 of currency in circulation June 1st, it would not take much call from them to account for all the locking up of currency.

"MY GODDEMLY!"

St. Louis Globe-Democrat.—"I can see where great good can be done in imparting correct information about the banking business to people who are not it." said T. S. Plum of Talladega, Ala. "We have a number of people here who are in touch with people who have mistaken ideas about banks. The word 'bank' is worse to them than a red rag to a bull. They believe the banks are the curse of the country. It is simply because they do not understand the business. An old farmer came into my office not long ago and sat down. I was putting my signature to some blank bills received in sheets, the usual form you know, from the Treasury Department. The old farmer watched me for a few moments, and asked:

"What is that?"

"I handed him one of the sheets. He looked at the blank bills, and said:

"This is money?"

"Yes, I said."

"Is that the way you make it?" he asked.

"Yes, I said."

"My goddemy!" he said, and walked out without another word."

Watch Your Boys.

The bathtime is now fully upon us and like the coming season, many fatalities daily reported.

Almost invariably the unfortunate losing their lives while bathing are young boys, who either lack the strength or the desire to swim. The water, and besides, they are naturally full of life and very mischievous and delight in shoving some of their companions into deep water, throwing rocks, sticks, etc., at them, which frequently results in the loss of life.

Don't permit your boys to bathe in the river unless some older person accompanies them who is capable of rescuing them in case of accidents.

The
Business
Way!

The business way to take space by advertising is to make them attractive, and change them at least as often as once a month.

You may think there are seasons when you don't need to advertise.

We have never seen that time.

Use the dull seasons for looking over your stock and running off that which is becoming out of style or unfashionable, and giving bargains.

If you have space by the year, it costs you no more, and you can make it profitable by converting unsaleable goods into money, and reinvesting the money in those things which are valuable.

If our friends the Democratic Editors want an object lesson in Democratic financing, they need only look at Democratic Kentucky. No money in the Treasury to speak of, no internal improvements in progress, and yet the taxes are increased on all sides.

The premium on United States bonds somewhat over a year ago was twenty or more above par. To-day that premium has fallen until it is but ten above. This reduction has caused a greater demand on the part of United States National Banks for the bonds on which to issue currency, it now having become more profitable. Of course, according to the Courier-Journal's reasoning, this Democratic Administration is not chargeable with the decline of Government securities. Certainly not.

THE MAYSVILLE LEDGER is pursuing a very active course in arranging the current business affairs of the State and Administration. It insures the intelligence of its constituents.—Courier-Journal.

Well, now, spony, please don't get huffy; THE LEDGER will assume all risk of insulating the intelligence of its constituents.

In the meantime, you might revert to your ante-election promises and answer if they have been fulfilled. Didn't you, and every other Democratic Editor in the land, promise the people "good times" if CLEVELAND and a Democratic Administration were chosen? Have we got 'em? and if we haven't, will you please tell us whose fault it is? You've had control of the Government in every branch for nearly five years, the only thing you have accomplished is to destroy public confidence, inflict a loss of \$1,000,000,000 in stocks and securities, close up mines and manufacturers and throw tens of thousands of workmen out of employment. Are you proud of the record?

WANTED.

The ladies to call and examine the son of the reported betrothal of Don Sipione Borghese, son of Prince Paolo, and Miss Vanderbilt. This is hoped, will give the illustrious Roman family a chance of regaining its southerly Aragonian Sardinian branch, and to have helped to arrange the match.

The Borghese family is one of the most ancient and important of the patrician families of Rome. It originally came from Sienna, where it became illustrious about the middle of the 13th century. They were highly confided upon them the rank of princes and patricians early in the following century by Pope Clement VIII. Pope Paul V was a Borghese, and nearly two centuries later still head of the family was the Prince Pauline Bonaparte, sister of Napoleon I.

Prince Sipione was born at the family estate of Migliarino, near Pisa, on February 11, 1871, and is therefore in his twenty-third year. Beyond the fact that he is a member of the Italian nobility, and one of the most eligible gentlemen of his set in a matrimonial point of view, he is as yet unknown to us.

THE SILVER CONVENTION.

Senatorial Speech of the Populist Governor.
Denver, Col., July 12.—The Colorado silver convention Tuesday was both big and sensational. Coliseum Hall, the largest in the city, contained fully 2,000 people when the convention was called to order by President Terrell, president of the way spurs in specie making. The sensational words were the speech of the populist governor, Waite. Among other things he said: "If the money power shall attempt to sustain its usurpation by the strong hand, will it not be that we are forced upon us, for it is better indefinitely that blood should flow to the horses' bridles rather than our national liberties be destroyed."

"It is true the United States is unable to stand up in a financial policy without the dictation or consent of foreign powers; if we are a province of European monarchies, then we need another revolution, another appeal to arms."

"A war is forced upon us we will send to Halifax a far greater army of British tories, according to our population, than our forefathers sent there after the revolutionary war."

"We are liable to do things we may regret. I appeal to you as men not to do to-day what you will regret to-morrow. We are excited. We hardly know what we are doing."

"We are reasonable and act as intelligent men. We go east as men to men to educate men in the east. If we fail, then it is the time to act. There is time enough to talk as you feel now."

"There was nothing in the prevailing sentiment which was evidently with the governor. The Denver clearing house sent a check for \$1,000 to pay the expenses of suitable delegates to St. Louis, Chicago and Washington."

MORTON'S ECONOMY.

It Will Cut Into the Experiment Station.

Washington, July 12.—In his forthcoming report Secretary Morton will make two important recommendations, contemplating radical changes in the method of doing some of the work of the department of agriculture. Says the secretary:

"Under the present system, garden seeds are distributed indiscriminately, without regard to locality or any knowledge as to whether they are adapted to the country to which they go, or even whether the people who receive them have any use for or want them. It should be the object of these experiments to test the needs of the soil, and if there is any public demand for seeds that thrive and produce well, to supply them from the fund of the government. It would be a long step in the direction of economy, and at the same time subserve all public needs."

"Many of the state stations are conducting experiments that are simply duplicates of the work being done by this department. These experiments naturally are for the benefit of a certain section of the country, and the stations in these states, aided by Congress, pay particular attention to those very experiments. In many cases the expense is doubled. A notable instance of this kind is the experiment work now being conducted in the line of manufacturing sugar from sorghum. It is a waste of money to supply them from the fund of the government. It would be a long step in the direction of economy, and at the same time subserve all public needs."

"Young Bridgeport Subsidies."

GRAFTON, Va., July 12.—A sad salvo took place here. Charles Martin, a popular young man who had married only a week ago to Miss Anna Smith of Valley Falls, this county, went to his room in the boarding house of Mrs. J. W. Ridenour and shot himself through the heart. Financial embarrassment was the cause.

Washington, July 12.—A cablegram received at the navy department Tuesday announced that the cruiser Philadelphia has arrived at Rio Janeiro, Brazil. After sailing at Rio she will proceed to Valparaiso, Chile, and then unless other instructions are sent she will proceed to Samoa.

An Assistant Director General.

SAN FRANCISCO, July 12.—At a meeting of the executive committee of the Mid-Winter fair Monday night, Herr C. Corney was elected assistant director general. A finance committee was organized and will begin an active canvass for funds Wednesday. There is no doubt ample money will be subscribed.

BARDWELL, Ky., July 12.—The Miller lynching threatens to stir up a race war, as the blacks are very indignant. Mayor Lithium, of this place, telegraphed the mayor of Paducah for 100 Winchester rifles and ammunition, and the town is all excitement.

CARDOO, N. D., July 12.—The report from here Monday afternoon that Bamberger, the murderer of the Kreider family, had been lynched, appears to be a mistake. He is still safe in the hands of the sheriff, though the mob is still very anxious to get him.

KANSAS CITY, Mo., July 12.—The Kansas City Safe Deposit and Savings bank, one of the largest institutions of its kind in Missouri, made an assignment Tuesday morning. Its liabilities and assets are not yet known.

No One Shall Be Disappointed

Since our last Saturday \$12 and \$15 Suit sale, and more particularly since the Suits are seen worn by the fortunate purchasers, many of our friends in town inquire and our friends in the county send inquiries, "Are any left?" claiming at the same time that they failed to see our notice of this special sale in time to take advantage of it. Hence, not to disappoint any one, we will make a TWO DAYS SPECIAL SALE ON NEXT FRIDAY AND SATURDAY, JULY 14th and 15th. On these two days we will do precisely as we did last Saturday, viz: Sell you

**CHOICE OF ANY SACK
SUIT IN THE HOUSE, \$12 00.**

**\$15 00 TAKES ANY FROCK
SUIT IN THE HOUSE.**

These Suits have sold for \$25, \$22 50, \$20, \$18 50 and \$16 50, and were cheap at those prices. NOT A SUIT IN OUR ENTIRE STOCK IS RESERVED. None will be sent out on approval, and all sales MUST BE ACCOMPANIED WITH THE CASH. The reason of this sacrifice sale is we need the money.

Respectfully,

HECHINGER & CO.
ODDFELLOWS' HALL.

N. B.—Positively after 11 o'clock next Saturday night this line of goods will be sold at the regular prices only.
